June Weddings

Hubbs-Wheeler

Homier Dean Hubbs of Old Orchard, formerly of Norway and Florina Charlene Wheeler of Phillips were united in marriage, June 28, at the home of the bride's parents in Phillips by the Rev. Frederick A. Wiggins of Boston, the double ring service being used.

The ceremony was performed at high noon on the lawn of Wheeler Hill Farm, in an archway made from maidenhair ferns and wild roses, arranged under the overhanging maple tree branches.

Lohengrin's bridal chorus was played on the violin by Elsie M. Beaumont of the New England Conservatory at Boston while the bride party marched in procession to their places.

Madeline Austin, daughter of Mr. and Mrs. Summer Austin, dressed in deep pink tulle and silk, attired as ring bearer.

The bride's bridesmaids were Mrs. Earl Higgins of Farmington, cousin of the bride and Mrs. Summer Austin of Phillips. They were gowned in pale apple green chameuse and georgette, trimmed with silver lace, hats to match and carried bouquets of sweet peas.

The maid of honor, Kathleen Noble of Phillips, a classmate, wore imported pink French voile over pink silk, a picture hat of pink chiffon and she carried pink roses. The bride was given away by her father. She was gowned in ivory satin chameuse with ivory georgette which fell in a short train. She wore a long tulle wedding veil with wreath of pink rose buds and carried white roses with lilacs of the valley. The bridegroom was attended by Scott Brackett of Phillips.

A reception and luncheon followed the ceremony. Mrs. Ralph Trearant, the bride's matrons and Elsie Beaumont served the refreshments. The bride cut the cake. Among the guests were Mr. and Mrs. Frank Luce, Mr. and Mrs. Harry Hill and Mrs. Neville Wheeler of Farmington.

Many wedding gifts were received which included old ivory, cut glass, linen, china, etc. The bride's gift from the bridegroom was a turquoise ring, hand engraved gold setting; bride's gift to matrons of honor, matrons and violinist were sterling silver bar pins; bridegroom's gift to best man, gold coin.

The couple left in the bridegroom's car for a honeymoon trip in the Oxbow region, Aroostook County.

The bride is the only child of Mr. and Mrs. Charles A. Wheeler. She was educated in Rockport and Phillips schools and for the past three years has been a student at the New England Conservatory of Boston, and studied voice, dramatic action and classical dancing. She possesses much natural ability in these lines.

The bridegroom is the son of Mrs. Inez Tubbs of Norway. He is a native of Gorham, N. H., but went to Norway with his parents at an early age. He is a graduate of the Norway High school, also a graduate of the Massachusetts College of Pharmacy, Boston and since graduation has had a position with Otis Clapp & Sons, wholesale druggists.

Lamb-Flint
On Thursday, June 27, at 2 o'clock occurred the wedding of Edith E. Flint of Norway and Frank B. Lamb of Intervale at the Methodist parsonage. The single ring service was used.

The bride, who was attended by Mrs. Nellie Lombard, was gowned in a dress of gray with trimmings of white chiffon over pink silk. Her traveling dress was of blue mohair trimmed with blue silk and hat to match.

A reception followed at Mrs. Lamb's former home at North Norway. There was music for dancing and refreshments of ice cream and cake were served. Cigars were also passed.

Mrs. Lamb is the daughter of Mr. and Mrs. Alvin Skillin of Raymond, but for several years past has made her home in Norway.

Mr. Lamb is a prosperous farmer of Intervale and is the son of Mr. and Mrs. Caleb Lamb of that place.

At a late hour the guests departed wishing them all happiness in their new home which is to be at Intervale.

BASE BALL

Commercial Club 3, C. J. Making Room 1

An exhibition five inning ball game was played on the fair grounds Friday evening between the men aggregation assembled from the Norway Commercial Club membership and Carroll, Jellerson Shoe Co.'s making room team. It was nip and tuck right through the mill with both pitchers working their wings off and an exciting finish.

The combination which moved like clock work was the Bancroft-Poindeux brother act. Ben Bancroft being unable to run bases, did the slugging and Walter looked after the sprinting department. This partnership netted a single a double, a stolen base and two runs.

To appreciate the strong playing qualities of the making room team which held this star combination from cutting them alive, we must consider the Commercial's pedigree. There was Chas. Pike, ex-ball player town tax collector and politician; Hugh Bethell, three years experience in the Auburn Twilight League with the Cushman team and Camp Devens soldier; Odell Rich, ex-pitcher from Maine to California as Bill Leith's opponent, insurance agent and gas car demonstrator; Tim Gammon, a relic from the ancient "Radcliffe," as former first base star, now an everyday shoe cutter; Herbert McGreeve, called "Back" ex-back stop of fine calibre, now Metropolitan solicitor and W. S. S. disburser; Bert Hosmer, probably a player years ago now a "Sag-No-More" snow shoe maker; Paul Seavey, ex-N. H. S. base ball star, all around sport and Norway city mail carrier; Elmer Packard, another N. H. S. player, now passing out "glad du's and scenery" in the H. B. Foster Co.'s clothing store; last but not least was Cecil Brown, otherwise "Squire Brown" played some ball before passing through U. of M. law school, but has a better reputation in billiards than on the diamond. His strong suit is arranging questions at the County building and preparing drafters for a soldier's life. So this is the line up of the Commercial's line up to back.

The Commercial's opened the fun promptly at 7:15 p. m. and nailed two runs quickly with Pike gone on strikes. Bethell safely bunted along the first base line, stole second and then scored through U. of M. law school, but has a better reputation in billiards than on the diamond. Pitcher Vancouver

Unfortunately or providentially got his wing clipped while batting in the fourth inning and could not finish his successful career with that terrible "dope ball." Prudence Belard the Ward 8 wonder entered the box and twirled his team to victory, allowing but one run during the remainder of the struggle, against 6 which had accumulated during "King Henry's" short reign.

SOUTH PARIS

Harlow-Campbell

Earl Garfield Harlow of Worcester, Mass., and Ethel Mae Campbell of South Paris were married Saturday evening, June 29, at the residence of the officiating clergyman, Rev. Chester G. Miller. Mrs. Campbell, mother of the bride, and Mr. and Mrs. Ronello Edwards, with whom she has made her home since a young girl, were the only ones present. The bride wore a traveling suit of blue serge, with a white picture hat.

The bridegroom was formerly a resident of South Paris, but has for some time been employed as machinist with a Worcester, Mass. factory. The bride is the daughter of Mr. and Mrs. Cyrus P. Campbell. She attended the South Paris schools and has for a number of years been in the employ of the Mason Manufacturing Co.

They will remain in South Paris about two weeks, then go to Worcester where they will reside.

The latest returns from the June Primaries for Oxford County gave W. H. Fenn 350 and Harvey E. Powers 349 votes. Both are from South Paris and republicans, in the contest for the nomination of Register of Deeds, Eastern District. The result has been in doubt and now practically decided.

Mr. and Mrs. N. S. Burnett and daughters, Annie V. Burnett and Mrs. Margery V. Doren, visited Private Roscoe H. Butler at Camp Devens, Mass., where he is in training. At present Private Butler is in quarantine. He is the oldest son of Mrs. N. S. Burnett by a former marriage and brother of Mrs. Carroll L. Doren of South Paris. They made the trip by auto. Frank Starbird carried the party going by way of Portsmouth, N. H. Mr. and Mrs. G. A. Whitman have returned home after visiting Mrs. Whitman's brother Alfred Bryant and family and other friends in Portland on their way to her son, Herbert L. Whitman, at Buzzard's Bay, Mass. They also visited at R. E. Cole's, her grandson's, at Canton, Mass., having had good health while away and a most enjoyable time.

Harry Corson and wife and their son Merton, a student at Orono College from Bridgton were at Mr. and Mrs. G. A. Whitman's Sunday. Merton Corson is a nephew of Mrs. Whitman's.

Mrs. E. F. McDonnell went to Ayer, Mass., Friday, to spend a few days near her husband, who recently went to Camp Devens.

Harold C. Anderson and family of Wollaston, Mass., were the guests of his parents, Mr. and Mrs. E. N. Anderson, Saturday evening. Mr. Anderson will remain during the week. Mrs. Anderson and children will make a longer visit.

Mr. and Mrs. H. W. Demmon and daughter, Dorothy, Mrs. Annie Swift and daughter, Dorothy, were in the island for a vacation of two weeks. Harlan Dennison, who is in the employ of the General Electric Co. at Lynn, Mass., will join them for his vacation.

The Independent Congregational Society of Bangor (Unitarian) held its centennial commemoration on Sunday and Monday, June 23 and 24. At the patriotic service on Monday evening, which closed the observance, a handsome bronze tablet to the memory of the late Rev. Geo. H. McKee, minister here by Mr. Hamlin and dedicated by the pastor, Rev. Alva R. Scott.

M. M. Mason, Mr. and Mrs. Alden R. Mason and two sons, Floyd and Leland, from Gilead, were guests at Mrs. L. E. Bean's Sunday.

Members of the "rook party" will eat a picnic dinner at Shag Pond, July 4th on the suggestion and invitation of Mrs. Alton C. Wheeler, Mrs. H. A. Morton and Mrs. Arthur E. Forbes, who are to be at their several camps there at that time.

Edith Nevers and Louise Powers are at the Poland Spring House, where they are employed as waitresses during the summer.

Mrs. E. A. Harlow and grandson, Floyd Harlow, and Mr. and Mrs. Ernest Harlow and daughter of Worcester, Mass., are the guests of relatives here.

At the meeting of the stockholders of the Citizens' Telephone Co. at the assessors' office Saturday afternoon, President Geo. H. McKee and Clerk and Treasurer C. W. Bowker resigned their offices. W. C. Thayer was elected president and A. C. Wheeler, clerk and treasurer for the balance of the year. F. H. Corbett and J. H. Record were elected directors. As it has been necessary to put the central operator on a fixed salary it was voted to change from a switch fee system to a fixed charge of 50 cents per month for each telephone.

Richard H. Adams, all round printer in the Oxford Democrat office, celebrated his birthday on June 25 with an impromptu spread to his fellow printers and sister printers. "Dick" acted as master of ceremonies from a box camouflaged into a throne and served ice cream, cake and chocolates to the assembled multitude. Mrs. Gertrude McKee, a compositor, made a real cream pie for the occasion and all did justice to this rare delicacy. Dick's age was not worked out in candy letters on the cake, therefore only circumstantial evidence shows him to be over the draft limit.

Sumner M. Davis, principal of the junior high school at Mexico, has been chosen captain and assistant manager of the Rumford town baseball team. As he has an application filed for enlistment in aviation he may be unable to accept the Rumford offer.

Mr. and Mrs. Henry F. Muzzy, Annie Muzzy, Elizabeth Muzzy and Don Brooks are spending the week at the Holmes camp at Shag Pond. Walter P. Maxin carried them out Saturday night and stayed over Sunday and will go on the Fourth.

Carl P. Dunham and Clifton Dunham returned from Boston Saturday night with a Buick car for Paris Auto Sales Co. Richard Rogers accompanied them both ways as a passenger.

A large crowd attended a flag raising at the Mason Manufacturing Co's factory, Thursday night, June 27, when a large American flag and a service flag were run up on a staff in the yard near the front of the factory. Walter L. Gray gave a brief address and The Star Spangled Banner and "Keep the Home Fires Burning" were sung with accompaniment on the autoharp by Mrs. Agnes L. Morton. The American flag was donated by L. L. Mason and the service flag by the employees. The latter contains fourteen blue stars and one gold star. The blue stars are for Leroy Cox, Archie Paradis, Edgar Andrews, Ralph Jacobs, Robert Snow, Paul Hosmer, Walter Newcomb, Alton Bonney, Roy Perham, Francis Carroll, Harold Gingle, Edward Grant, Ralph Ryerson and Elbridge McDonnell. The gold star is for William Thibodeau.

George L. Sanborn has moved his goods into the Aladdin bungalow on Main street and the new home will soon be ready for occupancy.

Sam Klein, Medical Dept., who has been home through May and June on leave for agricultural work, has returned to Fort Levee, Portland.

Hugh Bethell has returned to the Novelty Turning Co. office until called back into the service. He was sent home from Camp Devens several weeks since to recover from an attack of acute indigestion. His condition is steadily improving and he expects to return to camp in the fall.

Doris Foster is clerking in Charles G. Verant's fruit store for a short time.

NORWAY MUNICIPAL COURT

Wm. F. Jones, Judge
Forest McDaniel of Woodstock was fined ten dollars and costs, which he paid, in the Norway Municipal Court, Friday morning. The case was the outcome of an investigation into the circumstances for the cause of one horse in a dropping dead Thursday afternoon in front of the F. H. Plummer house on Pleasant street, South Paris. He pleaded not guilty to the charge of cruelly beating a horse, but evidence in court sustained the charges for conviction.

Errikki Pulkkinen of West Paris was found guilty in court Saturday of operating an automobile while intoxicated. Twenty-five dollars was paid, but the attorney general has given notice that a second offense in similar cases will be a prison sentence.

Norway Man Fatally Injured

Albert C. Fogg, aged 28, lately of Auburn but formerly of Norway who had been working about two months for the Texas Steamship Co. at Bath, was hit by a big piece of steel Saturday afternoon, receiving injuries from which he died in the Bath City Hospital four hours later. The piece of steel was being hoisted, slipped and fell, striking him just above the abdomen, causing internal injuries.

The deceased was the son of George O. and Eva L. (Noyes) Fogg of Norway, N. H. He was born in Norway March 15, 1890. He was educated in the Norway schools and made shoes in the B. F. Spinney & Co. factory, was employed in the Ranger bakery and later drove the Canadian Express Co. team. He worked for a short time in the Sears, Roebuck & Co. factory at Springfield, then went to Auburn where he was employed at the Cushman & Thorne Bakery until securing work in the Texas shipyards.

Besides his parents he leaves one daughter, five years of age, who lives with her grandparents and three brothers, Lewis W., Percy Y. and Linwood E., who are all in the United States service.

The remains were brought to Norway Sunday morning where the funeral was held at the home of his parents, factory street Tuesday afternoon at 2 o'clock, Rev. C. G. Miller officiating. Burial was in Pine Grove Cemetery. The pall bearers were Charles H. Pike, Homer R. Luck, Ralph W. Richardson and W. Mayford Mann. There was a large procession of flowers.

Canadian Express Co. Changes Hands

The Canadian Express Co. in the United States will hereafter be known as the American Railway Express Co. This change occurred Sunday at 12 m. when the U. S. Government formally took over the business until the end of the war. In Canada the company remains as before.

So far as Norway is concerned no changes will be made in the office. Alton Curtis, the agent, and his assistant, Bertha Sessions, will remain. Traffic routes will advance ten per cent. and billing routes changed to meet the new conditions. It is known as yet whether or not Norway will be a salary or commission office.

Prosperous Farmer

Albert P. Farnham, whose premises border on the North Pond, is one of the best farmers in Norway. He makes farming pay. Mr. Farnham has lived there many years and whether the season is wet or dry, the end of the year has shown a satisfactory profit. From some eight cows he sells milk yearly to the amount of ten or twelve hundred dollars. In the summer time he does not feed grain to his stock. He has from forty to fifty hens which he manages to keep laying all through the winter. He makes a profit of \$200 on his poultry. Swine is also kept, for which a fine balance on the right side is made. It must not be supposed that all of the credit should go to him. His wife is one of the most prudent and saving of housekeepers. She is as good a manager as he is.

Many young farmers and their wives might take a course of instruction from them, which would be worth more than a year at an Agricultural College. Mr. Farnham was a soldier in the Civil War, serving over two years in the 19th Maine.

Congregational Church Notes

Rev. M. O. Baltzer's subject at the Sunday morning service will be "The American Ideal," a continuation of the subject, "The Supreme Test," given last Sunday. Holy Communion will follow the sermon.

The usual Sunday evening meeting will be omitted this week. The pastor and congregation will share this helpful service with the Congregational society at Norway Center. Many from the village will attend. Because of the Fourth no social service will be held Thursday evening.

Rev. and Mrs. M. O. Baltzer and guest, Dorothy Baker, are to occupy the Elton L. Brown's cottage, Lake Ponneseewassee during the early part of next week. Mr. Baltzer will take that opportunity to call upon his parishioners at and near the Center.

The Tea Room Committee met Wednesday afternoon with Mrs. Percy H. Nevers to perfect plans for the Congregational church July sale.

Baptist Church Notes

There will be no preaching service during the month of July, while the pastor is away on his vacation. Sunday school and C. E. will meet as usual.

The Helping Hand Society will meet Wednesday afternoon with Mrs. Archie Gurnea.

The Busy Bees with their teacher, Mrs. Elmer Aldrich, will enjoy a class outing July 4th at West Paris.

George L. Sanborn has moved his goods into the Aladdin bungalow on Main street and the new home will soon be ready for occupancy.

Sam Klein, Medical Dept., who has been home through May and June on leave for agricultural work, has returned to Fort Levee, Portland.

Hugh Bethell has returned to the Novelty Turning Co. office until called back into the service. He was sent home from Camp Devens several weeks since to recover from an attack of acute indigestion. His condition is steadily improving and he expects to return to camp in the fall.

BASE BALL

Commercial Club 3, C. J. Making Room 1

An exhibition five inning ball game was played on the fair grounds Friday evening between the Commercial Club and the Norway Commercial Club membership and Carroll, Jellerson Shoe Co's. making room team. It was nip and tuck right through the mill with both pitchers working their wings off and an invincible wall behind them. The Commercial won on a scant margin of two runs, which were gathered in the first inning from the heavy end of the batting order. One lone run in their fifth was the best offering found off Wing's delivery, this being secured from weak and will throwing and practically a free hand out.

To appreciate the strong playing qualities of the making room team which held this star combination from eating them alive, we must consider the Commercial to California as Bill Leith's opponent, pitcher town tax collector and politician; Hugh Bethell, three years experience in the Auburn Twilight League with the Cushman team and Camp Devens soldier; Orlin Rich, ex-pitcher known from Maine to Maine as Bill Leith's opponent, insurance agent and gas car demonstrator; Tim Gammon, a relic from the ancient "Radcliffe," as former first base star, now an everyday shoe cutter; Albert McCreedy, called "Bob," ex-backstop of the city called now Metropolitan solicitor and W. S. S. disburser; Bert Hosmer, probably a player years ago, now a "Sag-No-More" snow shoe maker; Paul Seavey, ex-N. H. S. base ball artist, all around sport and Norway city mail carrier; Elmer Beckard, another N. H. S. base ball artist, and a pretty duds and scenery" in the H. B. Foster Co's. clothing store; last but not least was Cecil Brown, otherwise "Squire Brown." Played some ball before passing through U. of M. Law school, but has since been in the ranks of the "Sag-No-More."

His strong suit is arranging quotations at the County building and preparing draftsmen for a soldier's life. So this is the bunch that Capt. Ed. Lever's innocents tried to buck.

The Commercial opened the fun promptly at 7:15 p. m. and nailed two runs quickly with Pike gone on strikes. Bethell safely bunted along the first base line, stole second and third then scored on a right field muff which started Ray Gammon on base. He passed out to left, bringing Ed home. Tim saw an opening to gain an extra base on the throw in, but miscalculated his leg capacity and tumbled into a put out at second. Their third and last score came in the fifth when Seavey, Beckard and Gammon, in that order, passed out to left, bringing Ed home. Judge For Yourself

Which is Better—Try an Experiment or Profit by a Norway Citizen's Experience.

Something new is an experiment. Must be proved to be as represented. The statement of a manufacturer is not convincing proof of merit.

But the endorsement of friends is. Now supposing you had a bad back, A lame, weak, or aching one, Would you experiment on it?

You will read of many so-called cures. Endorsed by strangers from faraway places.

It is different when the endorsement comes from home.

Easy to prove local testimony. Read this Norway case:

E. C. Libby, Sanborn St., says: "I had backache a great deal and it annoyed me to do anything. My head ached frequently, too. I also noticed little specks before my eyes and my sight blurred. I used various medicines, but it was left to Doan's Kidney Pills to give me lasting results. Since using them, I have had no return of the complaint and I have great confidence in Doan's."

PIGEON HILL

Working for the Red Cross
The Embroidery Club of Pigeon Hill elected new officers for the year 1918, Thursday, June 20, Mrs. John King president, Alice Tyner, secretary and treasurer.

Mrs. Evelyn Wait, Mrs. Mattie Haskell and Mrs. Belle McIntyre work committee. They are doing surgical shirts for the Poland Spring Red Cross unit.

Last month they completed eighteen shirts and gave seven pairs of stockings, fifty wipers, some knit bandages and now have over \$16.00 to buy yarn and cotton.

Every lady gives their time and individual money willingly for our boys "over there." Voted to meet at the schoolhouse every Thursday afternoon to sew.

Mrs. Mary Hall has carried her sewing machine and another one is expected. July 11 will be an all day meeting with picnic. This month there are 36 shirts for their share.

Mr. and Mrs. Chas. Denning spent Sunday at Paris with her father at the home of Geo. H. McKee.

Truman Emery of West Paris is working for J. K. and C. K. Denning. He is a Junior Reserve.

Soldiers' Letters

The following letters were written by William Towne Hanley to his mother, Mrs. T. A. Hanley of Berlin, N. H. Mr. Hanley has many relatives and friends in this vicinity.

France, March 20, 1918.

Dear Dad and Ma:

Another Sunday and all is well. As I am still at the school, but this is the last week. We leave about first Sunday for our regiment and it will seem almost like getting home again, because it is our home over here. We worked hard at this school through all kinds of weather and our Captain said that when we left here we would be as good as any other soldiers in France. It has been two weeks since I have written to you, but I have written a letter to Gladys in the meantime, which of course you know about. I have not received any mail for two weeks, but that has not been the reason for my not writing. In fact we have been very busy and the week we spent at the rifle range did not give us much time in which to write.

I suppose when you receive this letter you will know that I am now a lieutenant, but I don't feel a bit different than when I was buck private in the rear ranks. I will admit though, that I feel a responsibility, and hope I may fulfil my new duties in a proper manner.

Last Tuesday when we came back from the rifle range and I went home for town for dinner. We had half a chicken (cold) pommes de potage (supposed to be mashed potatoes, bread, butter (fresh—no salt), tasteless jam, hot chocolate and milk. A great feed and it cost us 14 francs, 50 centimes for the both of us. We ate about \$2.90. We figure a franc at about 20 cents when it is about 17-18 cents, so we do not pay as much as we think we do for things.

A strange thing about France is the "Cafe". Naturally, anyone from the States seeing the sign over the door would think at once of something to eat, but when he gets inside and inquires for "pommes de terre," "boeuf," etc., he finds out a cafe is a place in which to drink instead of to eat. They contain many small tables that accommodate four persons, some may have a long table also. The restaurants are furnished in like manner, but the place here and I went to was real nifty. There were small wicker tables with wicker chairs. They served the food in fancy dishes and there was a small table at our side of our table upon which our food was placed and from which we would serve ourselves. Real classy! But there is nothing like our own restaurants. A quick lunch stand would do some business with the boys here and wouldn't a "hot dog" be a some worker. When we first came here the people had a way of serving all their own. They would bring out each article separately, so by the time your potatoes are ready, your meat has become cold, your chocolate has been consumed to wash down the bread and butter which was served first, so you order more hot chocolate and that arrives about the time you are ready to depart. I have really ordered supper for 15 francs and received 6-15, sometimes later. You admonish them to hurry up and the answer is always the same, "toute de suite" (at once).

At the stores they have two things to fall back upon. If they haven't the article asked for, they say "damein" (tomorrow) and if you protest about the price of anything they always start their reply with this phrase "Devant la guerre" (before the war) and then give you long discourses of comparisons of prices before and since the war. All the time they use their hands and have on their vengeful smile, because their politeness is really a veneer to cover any feelings they may have at the time. They certainly with quick to realize that American soldiers were willing to spend money, and they were not long in raising prices. These last few weeks have been quite cool and wet. I wish you would send some real milk chocolate, another fruit cake, fig bars and such things as Nabisco's, etc., some American handker-

chiefs and towels Palmolive soap and Colgate's tooth paste. A mince pie wouldn't be out of place. No—but I mean small things that would keep. By the way, Eua received some "social whirly" and they were great. Do you get the idea? This reason I am asking for these articles is the fact they charge so much for them over here. For example, a box of Palmolive powder that we pay 15c for there, is 65c over here. Just think of a pair of Ralston shoes, common ordinary men's shoes, costing \$15.00. No wonder they wear wooden shoes here.

I am going to purchase my officer's outfit this week. Won't I be a bird in a "Sam Brown"? You won't know your son. I will have my picture taken when I get all decorated up. Too bad I couldn't wear a sword and a red sash across my breast. I want you both to learn the "Manual of Arms" and "School of the soldier," etc., so I may drill you when I get back home.

Dad, how are you coming after your long illness? I hope, by this time, you have improved a lot. I have been expecting news from you every day and have been anxious because I want to know how you are. Be careful, won't you? Remember, there are persons over here who are just as anxious, but unable to see you and must patiently wait for news of you. Every night I pray that everything will come out all right, and soon. It may be selfishness on my part, but I am not the only anxious one here. As I lie on my bunk, I think of you and Mother and wonder how you are. I can see Ma preparing her meals, stopping to play a tune on the piano while things are cooking, and people don't really know how I enjoyed the winter in Berlin and how I like to lie and think of those days. I can see everything just as plainly. It does not make me blue, but I certainly do get a lot of enjoyment looking back to those times and those I picture how we will enjoy being together again in days to come and plan great times. About the first thing we will do to celebrate our reunion is to have a banquet at the Mt. Madison House, but the very first feed I have, I want it at home and cooked by Ma.

I am sending you some souvenirs. The two round articles are napkin rings, inexpensive, but I thought you might like them. The two articles for you, Ma, are made from shells and the emblem on one is a war cross ("croix de guerre") and the other is a "Hot dog" emblem. These are given for valiant conduct. The woman, with whom we stayed before coming here to school, had two sons and both had earned a war cross for bravery. Dad, the little thing I am sending you is called a Briquet. It is a miniature of a French candlestick. The government has forbidden the sale of them now on account of the scarcity of gasoline, so you see how economic they are here, so you will have to fill it yourself. Take out the rod to which the striking wheel is attached to fill the lighter. We also send some spare flint and fuse. The knob on the side is only to carry out the representation of the canteen.

Now, Ma, just another word to you before I close. I hope on the next mail to receive a letter from you. Those brave, helpful letters that you can write. They certainly cheer a fellow up and make things seem worth while. I know how much harder it is for you folks back home than it is for me here, seeing new sights, having new adventures, and only strengthening our ambitions and desire to get into the struggle and claim the reward we came for—Victory. In spite of the cheerful letters, I can read between the lines and can understand the moments of suspense and heartache for you back home, but when those moments do come to you, brace up, cheer up and think of the joy of the home coming and the happy days to follow for us all "Mother O' Mine." Will stop now. Write soon and gossip.

"Mother O' Mine," France, May 12, '18.

Without doubt you are aware that to-day the members of the American Forces are turning their thoughts to the dearest one each soldier left behind him when he departed to fight for those ideals dear to the American people—liberty, democracy and peace and they are all trying to convey on this day, to their mothers, their loved ones and their country, their love, thoughts and appreciation, but no matter how much they do avow their love, they cannot really put into words their feelings at least this is the way I am situated. I wish I were able to express the love and pride for you that is in my heart, but I feel that my efforts are very meager in comparison to my desires. I cannot describe to you, dearest of Mothers, the love that keeps me full of hope, courage and determination to do my best to justify your belief in me. Your love will be like a golden chain that prevents us from becoming separated even if an ocean is between us, and the links of this chain will keep me from doing unclean things or cowardly acts. Instead, in times of doubt or trials, of hardships, this chain will vibrate with the love that flows from your heart and will conduct that love to me, filling me with courage and determination to face my duties fearlessly, full of hope and faith in the God who has blessed me with a wonderful gift—a brave, trusting and truly American Mother. And I am doubly blessed because God has left my Mother on this earth during these troubled days to aid me with her love and support. My sympathy goes out to those who are not so fortunate but must live with only the memory of a Mother who has been called to her Maker. And when the day comes that I must give you up to Him, I will be comforted by the pleasant memories of our happy days together and will look forward to time when we will be reunited in another world. But whether I remain on this earth after you have departed or whether I go to prepare a place for you, that golden chain of love that links us together will still be unbroken to keep us sustained.

Today, I am filled with pride that I have a Mother, who is so brave and cheerful, so full of faith and optimism in spite of her sacrifice for her Country's call. In other words, Mother, I am so pleased and proud that you are a thoroughbred, too. "Like Mother, like son." I wish might be said of me. So let us look on life in a bright and hopeful manner trusting that God wills that we may again be together soon. In the meantime, we will "play the game" so that no act of ours will in any way not be in accord with the desires and efforts of our country in this war. You say that you look forward to my letters, but you cannot imagine the joy with which I receive yours. They are so full of interest, love and hope. Somehow, you know just what to write and how to write it. I read them over and over and find great inspir-

ation in doing so, and I read in between the lines the brave fight you are making to keep smiling all the time, but remember, "The mother of a soldier never cries," and be proud you are able to make the sacrifices necessary to help us to attain Victory. I can see you just as plainly as if you were here before me, and I receive much help in thinking of you. And so I will close, with a prayer in my heart to God to comfort and aid you and keep you until we shall be together again. With more love than I can express,

Your son,
BILLY.

Letter written by Cook Orville M. Palmer, 1st Bat. Headquarters 103d U.S. Inf., to Supt. Howard B. Young and the boys employed at the Oxford Electric Co. Norway.

Somewhere in France, May 30, 1918.

Dear Howard and the Gang:

I guess, Howard that you will be surprised to hear from me. Well, I have been going to write for a long time, but did not seem to get the time as I am very busy most of the time. I do not have to work all the time, but have to be around and it is quite late when I get my work done, so I must always make for my little bed. I have got a dandy bed, just big enough for myself, and a big feather tick to go with it, so you can see that it makes a man feel more like living at home than here in France.

Howard, I want to thank you for the nice box of cigarettes that I got two or three weeks ago. It was while I was in the front line trenches. You don't know how we appreciate a box of good old American made cigarettes here in France. It was worth more when Scott handed me that box than a ten-dollar note. I told Scott to thank you and the gang for the first box which you sent, but I am going to thank you once more.

I saw the letter which you sent Scott and you have certainly had some trouble at the station since we left, and how could they get along without the street cars this winter? It must have seemed funny to have no cars running in the big city.

It was too bad about poor Mr. Proctor, it must seem funny not to see him running around the old barn. He certainly was a good old man to work.

Howard, how is Spiller, Giles, Steve, Cutler and yourself now days? I suppose that Giles is getting limbered up in good shape now as warm weather is coming. You said that Steve felt because he is not here. I wish he was here but tell him he is a lucky boy to be on that side of the brook.

Howard we have seen about 4 months now in the trenches and have lost only a few from our "Company D." I suppose you have heard about the death of Henry Stone and Corp. Jackson, but believe me, H. B. they died game. Sergt. Lester Witham got gassed but will be back with us in a few days. The boys are buried just outside of the town we are in now, was over last night to their graves and they are fixed up dandy. We all chipped in and bought some wreaths and they look good.

I have been cooking for the officers ever since I landed here in France. Some cook, I think that I must have learned that at the Station when I was working for you. I remember once when you asked me if I could lay brick and I told you that I did not know. You said, "Sure you can, a man that works around here can do anything," and I thought so before I got done.

Scott and myself are both well and I guess happy and in good health. Fat, shine like a new dollar.

Well, I will have to close as it is my best time. Thanking you once more, for the cigarettes. Best regards to you and to the boys,

This Corn Will Peel Right Off!

"Gets-It" Makes Corns Come Off The "Banana-Peel" Way!

Why have to flop on the floor, squeeze yourself up like the letter "Z", and with bulging eyes draw your face up into a wrinkly knot while you gouge and pull at the "quicks" of a tender corn? That's

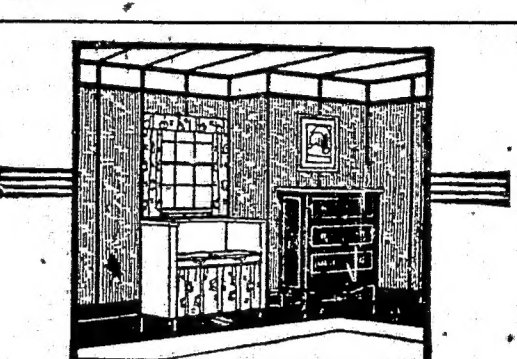

2 or 3 Drops Applied in a Few Seconds—There's No Fussing or Cutting.

"Gets-It" Always Works!

the old, savage way. "Gets-It" is the modern, patness, simple way. Lean over and put two drops of "Gets-It" on the corn, put your stocking and shoe right on again, and forget the corn. Pain is eased. "Gets-It" has revolutionized the treatment of corns. It never irritates the true flesh. You'll stop limping on the side of your shoe, and do away with greasy salves, burning ointments, thick plasters and painful methods. Use "Gets-It", it's common sense.

"Gets-It" is the guaranteed, money-back-corn-remover, the only sure way, costs but a trifle at any drug store. Sold in Norway and recommended as the world's best corn remedy by F. P. Stone.

WATER POWERS IN MAINE

The total capital, including stock and bonds, of all public utility corporations doing an electrical business and reporting to the Public Utilities Commission of the State of Maine is \$62,112,829.00.

This includes all electric railroads in the State, which do not develop their power but purchase the power from electric development companies. The capital stock and bonded indebtedness of these railroads is about \$7,000,000. There is also included in the total amount reported to the Utilities Commission, electric companies operated by steam power and certain gas plants owned by companies using electricity. The amount reported also includes the capital stock and bonds aggregating \$4,350,000 of two electric companies selling electric current in Maine, but whose power development is located outside the limits of the State, one in New Hampshire and one in the Province of New Brunswick. Finally, in the amount reported is all the capital stock and bonds of those public service corporations which buy their power from electric development companies, but which do not develop their own power. The aggregate capital of these last mentioned corporations equals several millions of dollars.

In an article published by a newspaper urging State ownership of water powers, appears the following statement:

"It is believed that upwards of forty million dollars of watered stock is now floating down the stream of time in Maine's hydraulic speculations."

When the total capital stock and bonds of the electric railroads, the steam and gas plants and others mentioned is deducted from the \$62,000,000 reported to the Public Utilities Commission, there remains but little in excess of \$40,000,000 to represent the capital stock and bonds of all the water power development companies in the entire State.

Can a more absurd statement be made concerning the capitalization of the Water Power Companies than that quoted in the parallel column? It implies that the construction of dams, the acquisition of flowage rights, the transmission lines and the distributing systems of all the leading and many of the smaller hydro electric development companies in the State has cost NO REAL MONEY.

Again we are constrained to ask, why do the advocates of State ownership deem it necessary to exaggerate to the point of absurdity?

Horace Cole requests the individual who took the kerosene barrel from his back door to return the same or bring him \$1.50. * * * We wonder if he got the barrel was ever returned or if he got the \$1.50.

"Pennessewassee-spring" is about the busiest place in Norway these warm days. Hundreds of people go there every day and drink of the fine cool water. They carry it to their homes in large quantities and still the spring is full to overflowing.

In the Saco races L. P. Swett won the first prize in the mile open \$33 diamond, and C. B. Pike, fourth, \$5 cuff buttons. In the mile handicap, L. P. Swett scratch. First \$23 diamond pin. The Press says: "L. P. Swett of Norway was evidently the fastest man, though he did not ride in all the races he was entered, on account of an unfortunate accident to his wheel. Seven men started in the handicap, which was a pretty contest. Swett won the race in spite of obstacles. He was a scratch man, and then the top bar of the frame of his light wheel (15 3/4 pounds) broke short off in the last quarter. He swayed a little when the accident happened, but still maintained a good lead. The ease with which he overtook and passed all competitors was the feature of this race."

THESE HOT DAYS WILL DO MORE TO INJURE YOUR COMPLEXION

than any other single cause, excepting impurity of the blood. Unless you take the proper care and precaution, you are liable to have your skin burnt to an uncomfortable and unattractive lobster red, or you may easily acquire an ugly coat of tan or freckles.

All that is necessary for you to do, before you go out into the hot sun, is to be sure and use some Rexall Cream of Almonds or a good Vanishing Cream, with talcum, which will

Protect Your Skin Against the Sun's Hottest Rays

When you come in out of the sun, apply Rexall Sun-Burn Lotion, or if you prefer, use Tan and Freckle Lotion. None of these preparations contain anything that would in any way be injurious to the most delicate skin, and their use will positively prevent any uncomfortable feeling, or unsightly appearance of the complexion.

Incidentally, if warm weather makes your skin red and blotchy, your blood may be at fault, and you probably need a mild summer tonic. We carry a number of the most favorably known preparations for relieving this condition, and will be glad to give you the benefit of our advice.

Norway and Vicinity

(Continued from page 1)

W. S. Merrill

Walter Samuel Merrill suffered a shock early Friday morning at the home of George Hill, South Waterford, where he had been for the past few weeks, helping Mr. Hill with the care of his fine herd of Jersey. Mrs. Merrill was immediately sent for but he was unconscious when she arrived and remained so to the end which came early Saturday morning.

He was born in Norway Aug. 8, 1844, the second son of James L. and Catherine (French) Merrill. His father was killed in the battle of Spotsylvania in the Civil War. His oldest brother, Lyman, lost his leg and received other wounds in the same war, of which he soon died. The mother being left with several small children, Samuel went to live with his aunt, Betsey Case and received his education. He was always a farmer and in his younger days conducted many a class in singing school. He spent most of his life in Norway.

In 1867 he married Hattie H. Johnson, youngest daughter of the late Ira and Mary (Towne) Johnson and to them two children were born. Irving, who is engineer at Paris Mfg. Co., and Mary A., wife of Hollis B. Doughty of West Paris. Besides the wife and children and five grandchildren, he leaves 3 brothers, Clarence Rufus, Ernest A., Nathaniel Ford all of Manchester, N. H. and a sister Mrs. Maria Ward of South Waterford.

The funeral services were held Monday forenoon at his home on Alpine street, South Paris, Rev. C. G. Miller officiating. Interment in the family lot at Northwest Norway.

Veranda Club Gala Night

The Veranda Club with their invited guests were highly entertained at the pleasant home of Mr. and Mrs. Frank Lovejoy, 8 Fern street, Norway, Thursday evening, June 27th.

At 8:30 p. m. the living and dining rooms were well filled with gay and busy ladies. Red Cross work was in order and not one moment did the genial hostess allow a slack or lull during the evening, but rather kept the club and guests entertained with beautiful selections upon the player-piano, which were greatly appreciated. Then again selections were given upon the Victrola by Mrs. Mary Lovejoy and occasionally a Victrola and piano duet by Mrs. Addie and Mary Lovejoy. Many of the late popular war songs were sung by the chorus. Pian solo by Mrs. Nellie Dwinall. The meeting was conducted by the president, Eva L. Fogg which was a pleasant affair and worthy of note. Club voted to contribute and do special work among themselves for some of the soldiers who are and have been members of the Club. This suggestion by the club committee, like all other mentions for relief work was readily taken up and acted upon with willingness. This is characteristic of this charitable Club.

The president announced that the next meeting would be at the home of Mrs. Frank Starbird, Thursday evening, July 11th. The guest of honor for the evening was Mrs. Sarah Woodsum of Marston street. Other guests present were Mrs. Nellie Dwinall, Mrs. Sadie Lapham, Mrs. Florence Hosmer, Mrs. Seth McAllister, Mrs. Mary Lovejoy, Mrs. Marcia Millett, Harry Lovejoy, W. W. Sheen, Fred Swan.

The grand climax of the evening came none too soon when the Hoover lunch with the veil lifted was served by the hostess and her assistant, Mrs. Mary Lovejoy. The lunch menu included sandwiches, cheese quiche, fancy crackers, chocolate marshmallows, assorted cake and fruit punch. Cigars were also in order for the gentlemen guests.

During the latter part of the evening the liberal hostess again moved through the party with the tempting lunch. It was voted to record this memorable evening in the Club history as one of the Veranda Club Gala nights. The social event closed with America, Nellie Dwinall accompanied.

An all day meeting of the Universalist Sewing Circle will be held at the home of Mrs. Annie Beck, Friday, July 5th with a picnic lunch at noon.

Volunteers in Ward 8 are grading the triangle lot, corner Main and Fair street. A turf border is being placed around it and flowers will be set out when the beds have been prepared. The whole will be enclosed within a chain fence suspended from eight cement posts. This work was started two weeks ago, but a delay in material held up the restless workers until this time.

Carl Stearns, who has been visiting his parents, Mr. and Mrs. Walter S. Stearns for a week or ten days volunteered to enter the service as mechanic. He was sent Monday to Franklin Institute, Boston, for government training and instruction in the gas engine course.

Jerry Mattor, who lost two toes on a saw at C. B. Cummings & Sons Co. lumber mill, June 20, walks about town without a cane or crutch.

Katie Ward returned home from Hopedale, Mass., Saturday night, where she has been visiting friends during the past two weeks.

Paul Locke, formerly of Norway, now a shoemaker in Portland, was here Friday and Saturday, calling on relatives.

The condition of Bernard Bennett who has been dangerously ill at the home of A. L. F. Pike during the past ten days, has improved slightly. He has been suffering from a form of ptomain poisoning.

Dr. and Mrs. Fred E. Stafford of New York arrived Monday and will occupy Harry Packard's cottage at Little Penesseewassee lake during July and August.

Mrs. Ella Jewett Cole served green peas and beet greens June 27. Murray Russell had his first mess of peas June 28. He planted five lots several days apart and will have green peas until late in the fall.

Mr. and Mrs. Herbert F. Andrews have received word from their son Francis S. Andrews that he successfully completed the aviation course of 12 weeks at Cornell Field, Americus, Ga. The family also received notice from headquarters that Francis was one of twenty-five to complete the exacting course with a high mark.

Lake Temple Pythian Sisters held their last meeting Tuesday evening and will meet the third Tuesday in September. Both the knights' and ladies' degrees were conferred on four candidates. At the close of the meeting refreshments were served which included ice cream, cake, fancy crackers and sherbet. The committee in charge included Mrs. P. H. Nevins, Eileen Nash and Mrs. William H. Smith.

Walter C. Smith who is at Rangleys is enjoying the sport of fly-fishing and Monday night caught his allowance of six fish. This is Walter's first fly fishing.

F. C. Smith has moved his family into the Williamson house Saturday, which he recently bought. Alton Merrill's family who occupied the premises, have moved to Alpine street.

Harry L. Carver, who is employed in Central Garage, Mexico, spent the week-end with his parents on Brown street.

The recent guests at Mr. and Mrs. Lewis I. Gilbert's were Mr. and Mrs. Harry A. Packard of South Portland and Mrs. Hattie (Packard) Wiley and Helen Wiley of Somerville, Mass.

Howard C. Lasselle arrived home Tuesday night to remain over Independence Day with his family. He has a good paying position in the shipyards at Bath and likes the work.

We need traffic rules that will regulate the operation of automobiles on Main street. A serious accident was barely averted recently as a person with a child stepped from the electric cars in front of an auto passing on the same side. It is true our courts are open to the injured party to get damages, but something should be done to prevent injury and safeguard passenger traffic. A careful chauffeur will help matters wonderfully.

T. A. Johnson has sold his farm at East Oxford to W. A. Dean and moved to the G. O. Cherry place, Gerry street, Oxford Park. He has a refusal of the property and plans to remain. Alfonso Allen located a vein of water near the house and Guy Walker bored in several places before striking through a rock and some two feet underground. A fine vein was opened at 15 feet and a pump set.

Guy Walker has lumber on the spot for a bungalow 20 x 32 feet to be erected on his lot in Oxford Park. The present house will form a part of the new building as the roof is to be removed and the walls converted into three sides of the building to be put up.

The concrete foundation for the dynamo house adjoining the Oxford Electric Co. power plant at the falls has been completed. Albert Desrosiers will start the brick work after he completes C. B. Cummings & Sons Co's job at Bemis.

IS IT YOU?

There is a man in this town who always acts as a brake on the wheels of progress. Every project that is broached for the betterment of community conditions, elicits from him no more than a grunt of dissent, if not active opposition. He regards every man as a rascal until proven honest. He can see no sincerity in the most unselfish actions, and can detect cupidity at the bottom of the greatest sacrifices. He is a community wobbler. Is it you?

There is also in this town a man the opposite of this one. He has a keen eye for any chance to forward the interests of his community. Every proposition for community betterment, provided it has merit and feasibility, not only has his approval, but he at once puts it into effect and becomes one of its most active routers. It takes a heavy jolt to convince him of the insincerity of his neighbors, and even then he has more pity than blame for them. He is as grateful for a ray of light, and restores our confidence as the spring sunshine after a dreary winter. Is it you?

SLOGANS

In war time every unnecessary purchase is an unwise one. Save to the utmost of your ability and let the German thing may be kept out of America.

Every time a German submarine sinks a ship, so much product of labor and materials is wasted. Every time you buy anything not needed, so much product of labor and materials is wasted.

The less the American people save, the less money, labor and materials there will be for war purposes.

Both you and the Government can not use the same labor and materials.

Help fight the war. Pay your way with War Savings Stamps if you cannot go to the front.

Thoughtless spending is one of Germany's silent allies.

Word has been received that Private Melroy Cummings of Rumford has been severely wounded in action. Private Cummings is the son of Mrs. Lena Cummings of 531 Lincolnton street, Rumford, and he enlisted in one of the Massachusetts regiments, being located at Springfield, Mass., at the outbreak of the war.

The letter W takes a prominent place in our alphabet. Without it we could neither wage the war nor win the war, nor should we have wool nor wheat nor Wilson.

Inferior, low-grade gasoline costs most in the long run. You count the cost in low mileage, weak power and excess carbon deposits.

SO-CO-NY is the Quality gasoline. It reduces the operating cost of your car by delivering more miles per gallon. It saves.

And in saving you are "doing your bit" these days. You are actually fighting back of the lines.
